

The Birds of Bryce Canyon National Park

(Besides the park, this checklist covers the narrow corridor of Utah State Route 63 to the junction of Utah State Route 12.)

The information for this list comes from a Bryce Canyon National Park and Bryce Canyon Natural History Association checklist compiled by William Schreier (2000) and was prepared by “Utah Birds” web site. (www.utahbirds.org) June 2002. (Osprey was added to the list and a few bird names were updated) Please send information about additional species observed in the park to records@utahbirds.org.
