Midview Reservoir (Lake Boreham)

Directions: Go east of Duchesne about 12 mile (or west of Myton about 12 miles) on US 40 and turn northwest and go about a mile to Bridgeland. From Bridgeland go northeast about a 1 1/2 miles to a set of forks in the road. Keep right on the first to forks then turn right on a road going east. Go about 2 miles to the reservoir. (If you're coming from the west you can also take the scenic route to Bridgeland by taking Road 399 going northeast out of Duchesne. This road goes on the north side of the Duchesne River to Bridgeland)

(Suggested by Merrill Webb)

Sewage Lagoons, Duchesne

Directions: The sewage lagoons are located on the north side of US 40 on the east edge of the town of Duchesne.

Starvation Reservoir

Directions: To East Side: On US 40, go to the west end of the town of Duchesne. Take Road 311 and go about 3 miles heading northwest to the Starvation State Park.

To the West End: Go 18 miles east of Fruitland or 10 miles west of Duchesne on US 40 and turn south on Strawberry River Road to the west end of the reservoir. (The road continues to the west along the river and then turns north to come out on US 40 about 3 miles east of Fruitland).
