

Yellow-billed Cuckoo - *Coccyzus americanus*

This bird hit the north-facing rear window of the residence of Wayne & Virginia Allen\*, 899 E. Country Rd., Fruit Heights, Utah, on Saturday morning, June 25, 1988, at about 10:00 a.m. The homeowners had just finished washing the large window at the rear of their home, when Wayne observed the bird flying southward. He witnessed its collision with the window.

Ella -  
Glenn brought this  
Carcass in and we  
have it at DWR. Bob  
knows about it too. (Is  
Clayton interested in them?  
-- don't know Bob's arrangement  
with him for peregrine food
